iii
Opening up the Site
A Public Promenade with Objects of Imagination
crossing - observing - participating -
learning

ii
Introducing Production
Productive Actors arrive on site bringing
in materials, knowledge, networks and
generating processes of material and
immaterial production

Productive processes form *a productive "landscape".*

i
Setting the Ground. Ecological Figure.
The natural landscape –the river and its
floats, flora and fauna, the cycles of seasons,
resource flows– shape the ground.
